

CLIENT'S CONSERVATIVE TIMELINE

SOLAR ALLIANCE

MEET & GREET!

You are introduced to the guys and gals that bring you Solar Alliance. We're excited you chose our company!

PERMITTING/PAPERWORK

Sit back and relax. During this time we will handle all of your HOA, utility and rebate paperwork as well as any and all city permits.

INSTALLATION INSPECTIONS

Rest assured, we do great work, but *just to stay up to code* we will have the city and your utility company inspect our work periodically.

WEEK 1

WEEK 2

WEEK 3-5

WEEK 6-7

WEEK 8-9

YOU'VE BEEN SOLARED

DESIGNING YOUR SYSTEM

At this point we will be making a visit to your home! Our solar engineer will come and personally design your system in a functional & aesthetic way.

SOLAR INSTALL

For about 2-3 days you will be under **green construction**. This means we will be installing the solar system on your roof.

CONGRATULATIONS!

You are now Solar'd Up! Remember, at solar Alliance we are here to help. Please feel free to reach out to us at any time, even after your installation is complete!
